

Poster No.	Paper Title	First Name	Last Name	Organisation	Theme
1	Addressing challenges in the user experience through a collaborative, human-centred design approach	Ben	Thow	Alcidion Aus Pty Limited	Technology and innovations
2	Reducing Medical Waste in Hospital in the Home (HITH): A Sustainable Approach	Bianca Katie Claire Bianca	Wallis O'Halloran Johnston Conway	Alfred Health	Service and service delivery
3	Evolution of Hospital in the Home (HITH) at a major teaching hospital over 30 years	Andrew	Fuller	Alfred Hospital	Service and service delivery
4	Technologically enabled at-home virtual care delivers high quality at-home cardiac care. Results of a 6-month audit	Ray	Dowling	Austin Health	Technology and innovations
5	Technologically enabled at-home virtual care following consolidation chemotherapy for patients with Acute Leukaemia (AL)	Angela Ray	Sullivan Dowling	Austin Health	Technology and innovations
6	A nurse-led HITH Day Before (DB4) colonoscopy pathway to reduce bed utilisation prior to elective investigation	Angela Ray Lisa	Sullivan Dowling Ho	Austin Health	Service and service delivery
7	Multidisciplinary care to enhance recovery in adult tonsillectomy patients. A new role for pharmacist consultation through Hospital in the Home	Lisa	Ho	Austin Health	Service and service delivery
8	Implementing hospital in the home to ensure safety of a day-case surgical program for laparoscopic cholecystectomy and hernia repairs	Justin	Davis	Barwon Health	Service and service delivery
9	What is Keeping Patients in Hospital? Risk Factors for Prolonged Length of Stay or Ward Readmission for HITH UTI Patients	Karyn	Cuthbert	Canberra Health Services	Other
10	Medication Safety in Hospital in the Home (HITH) using A-P-I-N-C-H Project	Amy Simon	Jones Smith	Canberra Health Services	Drugs and drug delivery

11	From Go to Pro: Using a program evaluation to inform expansion and progression of a new paediatric HITH model	Mulu	Gebremariam	Canberra Health Services, Ca-HITH	Service and service delivery
12	Administration of 24-hour continuous intravenous antibiotic infusions via CADD Solis® pump in HITH programs: a study of infusion efficiency	Toni	Docherty	Central Coast Local Health District	Drugs and drug delivery
13	Reimagining Paediatric Inpatient Care	Jess	Nichols	Child and Adolescent Health Service, WA	Service and service delivery
14	Analysis of Peripheral Intravenous Catheter (PIVC) insertion and re-site data: Patterns, Outcomes and Implications for practice	Rebecca Donna	Singleton McCormack	CQHHS	Service and service delivery
15	Mapping Hospital in the Home models of care utilised within Australia, a systematic review	Natalie	Bransgrove	Federation University	Service and service delivery
16	Barriers, benefits, and enablers of acute home-based care for people aged 65 and over in Australia, a systematic review	Natalie	Bransgrove	Federation University	Service and service delivery
17	Paediatric Neurodiversity in the Home	Matthew	Drake	Grampians Health	Service and service delivery
18	A Regional Paediatric Hospital in the Home Program	Matthew	Drake	Grampians Health	Service and service delivery
19	Zero admissions back to hospital for medically complex clients within the community	Kaneez	Hakim	Intensive Care at Home Pty Ltd	Service and service delivery
20	Piloting the introduction of ultrasound-guided cannulation in HITH to maximise first-attempt success for the management of DIVA: quality improvement project	Andrea	Keating	Metro North - QLD Health	Service and service delivery

21	Introducing Hospital in the Home Intervention (HINT) Clinic: Mastering Art of Balancing Patient Flow, Patient Choice, and Precision Service Delivery	Rajni	Nair	Metro North Health	Service and service delivery
22	The Value of Remote Vital Signs Monitoring in Hospital-at-Home programmes or Post-acute care in Detecting Clinical Deterioration: A Systematic review	Su-ann Ian	Cheng Tan	Ministry of Health Singapore	Whole person care/allied health
23	Comorbidities, Care delivery, Administrative tasks, Travel, Social (CCATS) Complexity Scoring – HITH Patient Care Delivery Score: Initial Concordance Study	Sarah	Jame	Monash Children's Hospital	Service and service delivery
24	An Audit of Intravenous Catheters for Paediatric Patients of Hospital-in-the-Home (HITH)	Matthew	O'brien	Monash Children's Hospital	Service and service delivery
25	Managing acute admissions from the couch - Virtual ED to Virtual HITH	Joanna	Lawrence	Northern Health	Service and service delivery
26	Implementing and Evaluating a Care Pathway for Frail Patients on Hospital-in-the-Home (HITH)	Spencer	Carrington	NSW Health	Whole person care/allied health
27	Direct admissions to hospital at home: A descriptive study	Ian	Tan	NUHS@Home	Service and service delivery
28	Hospital in the Home (HITH) for both Neonatal(nHITH) and Paediatric(pHITH) settings at Peninsula Health(PH) in a calendar year	Chiedza	Chimbare	Peninsula Health	Service and service delivery
29	How the Effects of COVID 19 Influenced the Expansion of Paediatric Hospital in the Home (HITH) in Western Australia	Jen	Green	Perth Childrens Hospital	Service and service delivery
30	Review of outcomes for paediatric in-hospital and HiTH inpatients with Acute Cervical Lymphadenitis	Simon	Moore	Perth Childrens Hospital	Drugs and drug delivery

31	Home sleep study, is an effective option for the paediatric patient - do the patient and family agree?	Trish	Williams	Perth Childrens Hospital	Service and service delivery
32	Carbon footprints: Hospital in the Home versus a traditional inpatient hospital bed	Vaanitha	Manickavasagar	Perth Children's Hospital - General Paediatrics	Other
33	Patient-Reported Outcome and Experience Measures in Hospital in the Home (HITH) Cancer Patients	Teagan	Edwards	Peter MacCallum Cancer Centre	Service and service delivery
34	Carer led administration of hydration in the home via a Central Venous Access Device (CVAD)	Angela Yasemin	Prestegar Hussein	Peter MacCallum Cancer Centre	Service and service delivery
35	Compliance with once daily oral probenecid and intravenous cefazolin administration for cellulitis: Australian metropolitan hospital in the home experience	Riashad	Monjur	Prince of Wales Hospital	Drugs and drug delivery
36	Revolutionising point of care testing in Hospital in the Home (HITH): Enhancing Acute Deterioration Detection and Timely Results	Sarah	Dillon	Queensland Health- Metro North HITH	Service and service delivery
37	Hospital In The Home Virtual vs Hospital In The Home	Katy	Lai	St George Hospital	Technology and innovations
38	Decreasing CVAD (Central Venous Access Devices) line related complications in HITH delivery care	Katy	Lai	St George Hospital	Service and service delivery
39	Transient Ischemic Attack Rapid Service (HiTH)	Sara	Nobrega	St George Hospital	Service and service delivery
40	Antibiotic Allergy with Hospital in the Home	Sara	Nobrega	St George Hospital	Service and service delivery
41	Hyperemesis Gravidarium	Madeleine	Wilkinson	St George Hospital	Service and service delivery

42	Implementation of a HITH pathway for training caregivers on management of adrenal crisis in Paediatric patients diagnosed with adrenal insufficiency	Jia Xi (Michelle)	Li	St Vincent's Hospital Melbourne	Service and service delivery
43	"The Phage and the Couriers": Driving innovation in HITH care through the provision of bacteriophage treatment	Ellen	Moes	St Vincent's Hospital Sydney	Drugs and drug delivery
44	Nurse practitioners in HAH: about their experience, knowledge, skills and willingness to participate	Mei-chen	Wu	Taiwan Society of Home Health Care	Service and service delivery
45	Blueprint for project planning in a challenging environment	Erik	McClain	Te Whatu Ora Tairawhiti	Service and service delivery
46	Validation of Patient Experience Measures in HITH Programs: The Hospital-in-the-Home Questionnaire (HHQ)	Penelope	Bryant	The Royal Children's Hospital Melbourne	Other
47	Outpatient Parenteral Antimicrobial Therapy with Carbapenems: a systematic review	Zenaw	Wolie	The University of Queensland	Drugs and drug delivery
48	Reducing Hospital Readmissions: The Impact of Discharge Support Services	Iman	Malek	Vitalis Health	Service and service delivery
49	Ready-Steady-Go: The tension associated with reuniting newborn with their families earlier using a Neonatal Hospital In the Home Service	Ena	Husaric	Werribee Mercy	Service and service delivery
50	Hospital in the Home program reduced readmission rate by 50% in COPD-related conditions	Angelica	Bariuan	WSLHD - ICH - Hospital in The Home	Service and service delivery
51	Enhancing nursing confidence and competence in teaching the use of inhaler devices	Angelica	Bariuan	WSLHD - ICH - Hospital in The Home	Other
52	Does HiTH physiotherapy reduce hospital length of stay for total hip and knee replacements?	Amy	Colli	WSLHD - ICH - Hospital in The Home	Whole person care/allied health

53	Streamlining Wound assessment for HiTH using the iView Wound Assessment & Management Tool	Tracey	Gatt	WSLHD - ICH - Hospital in The Home	Service and service delivery
54	Use of Non-eluting Peripherally Inserted Central Catheter with Hyperemesis Gravidarum Patients	Rainor	Lozanes	WSLHD - ICH - Hospital in The Home	Service and service delivery
55	Managing Hyperemesis Gravidarum with Hospital in the Home Services: Reducing Emergency Department representations within 90 days of hospital discharge	Jakeline	Pateraki	WSLHD - ICH - Hospital in The Home	Service and service delivery
